A code which indicates the most current status code of a supply status (AE) transaction that accepted against an open/closed requisition. This code should be updated by an overlay technique whenever an AE transaction is accepted.

Place the mouse arrow on a column heading and a help box will appear describing the data in that column.  
"Current Status" description is being displayed in this example.

## AFSAC Supply Management - Open Materiel & Services

The screenshot shows a web application interface for 'AFSAC Supply Management - Open Materiel & Services'. At the top, there are three tabs: 'All', 'Region', and 'Country'. Below them is a dropdown menu currently showing '66 - EXPANDED IMET'. Underneath the dropdown are three buttons: 'View Report', 'Customize Columns' (which is highlighted with a red rectangular box), and 'Help'. Below these buttons are three input fields labeled 'Document Number', 'Stock Number', and 'Project Code'. A black arrow points from the 'Customize Columns' button down to a yellow text box at the bottom of the slide.

**Click on the “Customize Columns” button to change the default configuration of the report to a configuration of your choice.**

**Note: The next few slides shows how to configure the parameters for customized reports.**
